

### Gen. Taylor's Family.

The following is from a communication made to the Pennsylvania quite recently:

In the year 1893 James Taylor, the first I may say, emigrated to this country from England and located in the eastern part of Virginia. Coming from a country where the law of primogeniture was considered next to the law of God, it is nothing more than reasonable that he should cleave to the same opinion, even though the very good which he sought in coming here was an indiscriminate equality among men. His own name I have said was James; his elder son took the same, and so of his eldest son down to the present time. In no case has the son died before the father; and although near two centuries have elapsed, the prospect is still fair for a successful indulgence of what, in this country at least, is an innocent prejudice. Gen. James Taylor, of Newport, Kentucky, is at the present time the senior; having a son of the same name, and the latter also one of the same name, and all in good health. Gen. Taylor, of Newport, was Quartermaster General in the Army at Hull's surrender; and though now nearly eighty years of age, is always ready to pronounce *Anathema Maranatha* upon that unfortunate individual. He is worth, in this world's goods near one million of dollars; and in the father-in-law of the Hon. John W. Tibbatts, of the House of Representatives.

The collateral branches, springing of course from the younger sons and daughters all the way, have extended into many parts of Virginia, North Carolina and Kentucky, and in fact all over the Southern States, even into Texas! I once had the pleasure of constructing a "family tree" for the gratification of the old General at Newport, and I well remember that among these latter were to be found such names as James Madison; John Taylor, of Carolina; Judge Pendleton, of Virginia; Gen. Mammie Hunt, and many others not unknown to honorable distinction. Gen. James, of Newport, and Hubbard and Dick Taylor, I believe, younger brothers, emigrated to Kentucky as the very earliest of its pioneers. The two latter took their wives with them from Virginia, but the former did not marry until sometime after his location in Newport. Zachary was the son of Dick. It will be seen from that that no State, and perhaps no country in the Union can claim him, as it is probable that at the time of his birth, Kentucky was not admitted as a State, though I do not recollect. This would make him, in the Indian dialect, "Old Rough and Ready," in the "Bloody Land."

"I loved my wife," said a wag, "at first as much as ever any body did love a wife. For the first two months, I actually wanted to eat her up, and ever since, I've been sorry I didn't."

Settled.—A friend from Mackinaw informs us that the "girl in boy's cloth," who was in pursuit of her husband, at Mackinaw, with deadly weapons, has become reconciled, and that the "loving couple" have taken a walk together, to the "Sugar Loaf and other romantic spots." The course of true love never did run smooth.—(Detroit Adv.)

Let all who are sick send to the agent of the great American Remedy, and buy a bottle of Vaughan's medicine, we have but one word to say—it is the best article of Medicine the world ever saw. See advertisement in this paper.

### Mass Meeting.

At a Mass Meeting, held at CHANDLER'S Store for 4 weeks past, for the purpose of ascertaining where Goods could be bought the cheapest for Cash or Ready Pay, during these exciting or warlike times, it was unanimously

RESOLVED, That "We hold these truths to be self-evident, that whenever War actually exists," CHANDLER can and will sell

Dry Goods, Groceries, Crochery, Hardware, Rata-Baga Seed, Nails, Soap, Shovels, Dead Apples, or Flat Turpentine, as cheap as any other establishment North, South, East or West of 54—40. (Always including transportation.)

Resolved, That "when any Man, or set of Men, who by word, act or deed," oppose this declaration, if they will call at his Store and examine his NEW GOODS, and *Nail Price*, (in fact his Old Goods are nearly all gone) they will find the above Resolution was not a "hasty" got-up-for-Political-effect," or Politically influenced, nor a Party gathering! But that it is a fact notwithstanding "War exists," and the price of Wheat is Low, consequently the price of Goods should be low, and are Low, very! Resolved, That "Any professional" of supporting high prices, when Wheat is only 45 "right or wrong," are delusive hypocritical and false," and in our opinion, he only wants the Ready Pay to enable him to hold common feelings or sympathies with all mankind.

Resolved, That the Proceedings of this Meeting be published in the Hillsdale Whig Standard.

### GREAT AMERICAN

FOR THE CURE OF THE FOLLOWING Complaints: Dropsy in all its forms, Gravel in its several stages, all diseases of the Kidney and Urinary Organs, all Female Complaints, Suppression &c., &c. Weakness, Debility, Diseases of the blood, such as Scrofula and others of an eruptive character. All affections of the Lungs, Induration of every kind, even those of the eyes; Liver Complaint, Consumption, General Debility of the system; Piles of every character; Fever and Ague, and indeed any complaint which it is to be reached through the blood, and the Proprietor here confidently asserts, that he can in every case—no matter what the complaint may be—no matter how various the class of complaints—make a permanent and radical cure, if the medicine be effectually taken and used in the directions. One or two bottles will test the efficacy of the article, and he is at liberty to use the names of the following highly respectable individuals who have been cured in this city and vicinity. Every individual here named can be seen and conferred with, and the particulars of the cases cured can be known by reading the testimony in the hands of the Agents, who will with pleasure furnish pamphlets to all who may call for them. The Proprietor asks and indeed most earnestly solicits a strict investigation of the testimony here set forth, and if a departure from strict truth be found in any certificates offered, he will pay the expense of the publication of the exposure, and also be liable for the consequences. The Proprietor would also state that every cure here certified to, has been given over as incurable by the most talented medical men of the city and state—and such has been the case with every cure made by the article far and near. But the "Great American" is the inventor of the Lithotritic bases his cures upon—that of but "one great disease," the impurity of the blood—it will in a moment be perceived that but ONE GREAT REMEDY is necessary to effect cures in various complaints, and the proof that here follows establishes the theory as fact as the rock of ages.

Mrs. Henry Taunt, Niagara street, Buffalo, cured of Scrofula, terminating in general Dropsy, radical and entire cure. Silas Wood of Buffalo, bleeding at the lungs, of nine years standing, a complete and perfect cure. Mr. C. A. Wilson, for many years connected with the Buffalo General and Advertiser, Liver Complaint. Levi H. Williams, police officer, case of bleeding piles, inflammation of the eyes and scrofula, a perfect cure. Mrs. Daniel Kony, of this city, general Dropsy. Wm. Holman, police constable, erysipelas of 13 years standing, cured by 6 bottles. Mrs. Lucia Mann, 284 Pearl street, case of inflammatory rheumatism a singular cure. Hiram A. Vaughn, scrofulous swellings in the throat, a complete cure. George P. Barker of Aurora, case of erysipelas, 18 years standing—this cure is certified to by the Hon. F. P. Stevens, Judge of Erie county, P. M. Voshburgh, Esq. Surgeon of Erie county; I. V. Vanderpool Esq. and others. Mrs. John Stewart, No. 47 Chippewa street, Buffalo, case of inflammation of the heart with palpitation, Debility, &c., cured. The wife of the Rev. John W. Vaughn, of Albion, Niagara county N. Y. cured of dropsy. Mrs. Scott Carolina street, Buffalo, hydrocephalus of the head, cured. Mrs. Lecky 272 Franklin street, Buffalo, formerly of Utica, spinal complaint, with blind piles a distressing case, perfectly cured and assisted by Mr. N. Lock and her husband.—Nancy Mann, of Berlin Reinacher to N. Y. dropsy, cured by 12 bottles. Her husband Oliver Mann, of Mrs. Savannah Holbrook of Hamburg, Erie co. cured of dropsy by two bottles only of this medicine, attended to before Judge Burwell. Henry Varian, of Albion Erie co. N. Y. cured of anasarca or cellular dropsy, after tapping had been resorted to eight times, and over 60 gallons of water taken from him. Miss — of West Bloomfield, cured of irregularity of the menses and feverishness.

The Proprietor here presents the above array of testimony—the particulars will be found in the pamphlets, which give a treatise on the complaints, and also on the wrappers around the bottles. Be sure to call and get a pamphlet—all agents are provided with them to furnish free as water—that all who are in ill health may read, buy and be cured.

Be sure of Counterfeits—Every bottle has the signature of G. G. Vaughn under the directions, and stamped upon the cork—the "Great American" Lithotritic Mixture, blown upon the bottle.—Put up in 30 ounce bottles at \$2 per bottle, and 12 ounce bottles at \$1 per bottle.

Manufactured and sold by Dr. G. G. VAUGHN, 123 Main street, N. Y. to whom all communications must come, post paid. And wholesale and retail by H. M. Lake New York city 132 Courtland street, office devoted exclusively to sale of this medicine, and by the following agents in this county.

G. W. UNDERWOOD, Hillsdale.

Wm. H. ELLER, Juncosville.
